

PREPARING FOR THE NEW CYBERCRIME ACT

How to manage and avoid cybercrimes

9 hours remote lecturing

Held over 2 days

THE COURSE AT A GLANCE

The Cybercrimes Bill became the Cybercrimes Act on 1 June 2021. Companies and individuals will need to be aware of the changes before the commencement date is announced.

While there is an urgent need for the Cybercrimes Act, the real trick is how it would be implemented and policed. Together with laws like the Protection of Personal Information Act, the Cybercrimes Act will make a big impact in 2021 to 2022. This course will give you in-depth knowledge of what the Cybercrime Act means for you.
